**GPS: The best season to buy is NOW!**

This is the time of year when interest in GPS peaks. With the introduction of the **Carlson** Surveyor+ GPS and **Topcon** GRS-1, and the low price point, we are seeing a surge in interest from both Surveyors and Contractors. Without the Superior GPS Network, affordable GPS, like these models, would not be possible!!

## **Superior Northeast**

Please call Brian Violette or George Fortin at Superior northeast to inquire about pricing on our selected overstock of inventory. These items may include but are not limited to: pipe, hydrants, hand tools and supplies.

## **Energy Resource by Superior**

This is a perfect time to replace your existing heating and/or water heating equipment or converting from oil or electricity to high-efficiency gas heating and/or water heating equipment and take advantage of the Federal Tax Credits and Cash Rebates available until the end of 2010. The Federal Tax Credit is up to \$1,500.00 and the Propane Gas Association cash rebate is up to \$500.00 so please call for more information.

The **PGANE** rebate has a two step process:

### **Step One: Reserve your rebate.**

Rebates must be reserved in advance by the propane marketer. Click here for a reservation request form. This form, completed by the marketer, **MUST** be either faxed to PGANE at 888-612-8098 or emailed to [kpratt@pgane.org](mailto:kpratt@pgane.org). You will receive a confirmation that the rebate has been reserved for 45 days.

## **Step Two: Request and submit your rebate application form.**

Once the installation has been completed, application forms must be requested by the marketer via email to [kpratt@pgane.org](mailto:kpratt@pgane.org). Along with the completed application form, a copy of the Safety Check performed by the propane supplier and receipt for purchase and installation of a propane water heater or propane central heating system and water heater must be submitted to PGANE either by fax or email to [kpratt@pgane.org](mailto:kpratt@pgane.org).

The rebate checks will be sent directly to the consumer after completion of the rebate process and the review of paperwork submitted.

What is still surprising is the lack of participation by company employees that can take advantage of these Tax Credits and Rebates PLUS generous employee discounts as well as financing options. Those that have chosen to use ERS are enjoying the benefits and savings. Don't miss out – contact ERS today.
