

HOT TUB COVER LIFTERS

Choose from four different cover lifter styles. Go simple with the standard **Lifter Covermate I** or upgrade to one of the deluxe models with enhanced features and space-saving design.

1. LIFTER COVERMATE I

- Requires 12" clearance, mounts to side of spa cabinet

2. COVERMATE II UNDERSTYLE

- Requires 14" clearance, plates slide under spa cabinet without any drilling

3. COVERMATE III

- Requires 8" clearance, mounts to side of spa cabinet, including locking piston

4. COVER CADDY UNDERSTYLE MOUNT

- Requires 32" to 42" clearance (half size of spa cover), mounts under spa cabinet

STYLISH, EASY TO INSTALL AND EXCEEDS CUSTOMER EXPECTATION.
